**Date:** Saturday, September 21, 2024 8:46:32 PM

---

Dear members of the board,

I am excited to see the launch of the highly anticipated Redwood Bike Share system, which will facilitate better first and last-mile connections to transit. In an earlier planning document, I saw that a bike share station was proposed at College of Marin Kentfield; however, this seems to be missing from the new station map. I am urging the board to consider implementing a bike share station at the important hub of College of Marin, which would allow many students, especially those of lower income, to use the SMART train and the bike share to get to class. Thank you for your time and consideration.

Sincerely,

Odin Palen  
Larkspur resident
